

Mechanical Engineer Resume

Name: Your Name

Phone: +91 XXXXX XXXXX

Email: yourname@email.com

Location: City, State

LinkedIn: linkedin.com/in/yourprofile

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Mechanical Engineer with experience in designing mechanical components, performing simulations, and improving manufacturing processes. Skilled in CAD modeling, thermal/fluid analysis, and industrial engineering practices.

WORK EXPERIENCE

Mechanical Engineer

Company Name – Location

- Designed 3D models and engineering drawings using AutoCAD, SolidWorks, CREO.
- Conducted FEA simulations for stress, thermal, and motion analysis.
- Collaborated with manufacturing to reduce production time.
- Performed root cause analysis for machinery failures.
- Ensured compliance with ISO and safety standards.

Mechanical Engineering Intern

Company Name – Location

- Assisted senior engineers in design and testing.
- Created manufacturing drawings and documents.
- Worked with CNC and 3D printing teams.
- Supported quality checks and tolerance verification.

EDUCATION

Bachelor of Engineering (Mechanical)

Savitribai Phule Pune University (SPPU)

TECHNICAL SKILLS

Design & CAD: AutoCAD, SolidWorks, CATIA, CREO, Fusion 360, NX Siemens

Simulation: ANSYS, HyperMesh, MATLAB

Manufacturing: CNC Machining, GD&T, 3D Printing, Sheet Metal Design

Software: Python (optional), MATLAB, Excel, MS Project

PROJECTS

1. Design & Analysis of Heat Exchanger System
2. Automatic Material Handling Robot
3. Solar-Powered Water Pumping System

CERTIFICATIONS

- AutoCAD Professional
- SolidWorks CSWA / CSWP
- Ansys Essentials Training
- Six Sigma Yellow Belt

ADDITIONAL SKILLS

- Problem-solving
- Teamwork
- Time management
- Engineering materials knowledge

ACHIEVEMENTS

- Best Mini Project Award
- Ranked Top X% in department

PERSONAL DETAILS

Languages: English, Hindi, Marathi

Nationality: Indian
